

Regular Meeting, Sep. 10, 1934.

Council Hall, 7:30 P. M.

The regular September meeting of Council was held on the above date after having been post-poned from Sep't. 3rd. on account of Labor Day.

Present; Councilman Seibert, Gilland, Davison, Stover, Walck and Hoachlander.

Due to the absence of President Gardner, Mr. L. R. Walck was nominated and elected Pres. Pro Tem. and presided.

Minutes of the last regular and one special meeting were read and approved without correction.

Treasurer, Chas. W. Bert, Jr. reported as follows:-

Balance in Borough Account,	\$ 1857.04
Balance in Bond Account,	\$ 3.60

The secretary reported the following receipts:-

C. W. Bert, Jr. Water rents,	\$ 81.59
W. W. McKinnie, Fines,	\$ 25.00
J. H. Linn, Beer license,	\$ 100.00

Police Chief, Ambrose, reported 17 arrests during August.

On motion the above reports were approved and accepted.

The secretary reported that the compensation insurance on the fire company and borough employees would expire on

Sep't. 19th next; also that the standard insurance companies would no longer write this type of insurance. This would make it necessary to take out the insurance with the State Compensation Insurance fund. Secretary was instructed to make application at once for this insurance. It was the sense of Council that the Antrim Supervisors should pay at least half of the insurance on the firemen inasmuch as fire apparatus is used in township fires more frequently than in the borough. The secretary was instructed to have Attorney Hoke communicate with the supervisors, and point out to them that the law requires them to have firemen insured while in their territory, and to make arrangements to collect a part of the amount paid out in insurance from them.

Secretary was instructed to write the Rescue Hose company expressing pleasure at their co-operation in omitting the Wednesday test of the fire siren, and requesting that in the future that tests be made on Saturdays.

Water Manager, Bert, read a letter from the Pitometer Company in which they agreed to make a survey to determine water leaks in our system. The cost was quoted at \$ 600.00 No action was taken.

Water Committee was instructed to make necessary repairs to motor of Moss Spring pump.

On motion, the following bills were ordered paid:-
